# MISSION OBJECTIVE

By far the biggest factor to a coin's success is what it brings to the people. EBT (food stamps) is a card that is already used by most of Ohio and America's population that struggles to get nutritional food because they live in low income areas known as food deserts. A percentage of all profit made from the coin will go directly to urban communities in Ohio. Ethereum Buckeye Token will be a coin for the people of world made by the people of Ohio who want to be decentralized from the constantly deflating US dollar and we are claiming Ethereum Buckeye Token as the people's choice for the Great State of Ohio. -EBT
